RESPONSE TO DECISION ON PETITION UNDER 37 CFR §1.84(a)(2)
TO ACCEPT COLOR DRAWINGS

Sir:

This is in response to Decision dated May 11, 2011 on Petition under 37 CFR §1.84(a)(2) to Accept Color Drawings, which response is being made on or before June 11, 2011.

By said Decision, the petition filed on May 30, 2007 was deemed as not being submitted with the required photocopy of sufficient quality such that all details in the drawings are reproducible when provided in black and white. Additionally, no arguments were provided that establishes color drawings as the only practical medium to adequately describe the invention.

Applicants are submitting herewith a new Petition under 37 CFR §1.84(a)(2) and one (1) set of color drawings to comply with the USPTO requirements. The necessity for color drawings/photographs is that the colors in Fig. 9 and Fig. 11 cannot be seen otherwise.

Applicants respectfully request a grantable Decision on Petition and issuance of the Patent Certificate as early as possible.

Respectfully submitted,

/Jason H. Rosenblum/
